Writing prompt

Would you rather live in endless summer or endless winter? Why?

example:

I would rather live in endless summer. Yes, it would be hot all the time and it's too hot to sleep comfortably in the summer, but we'd just have to use the air conditioner a lot more! I don't like winter because you have to wear a lot of extra clothes and put them on and take them off all the time. Also the days are short and it's dark and bums me out!
